Look for Corporate sales, firm sales, sales

Online shop, e-commerce, e-commerce, dropshipping

I am currently looking for an established online shop that is for sale. My interest lies in online shops with a dropshipping concept as well as in business models that appeal to both B2B and B2C customers. I aspire to invest in an existing company and benefit from its experience, customer base and growth potential.

My preferred industries for the online shop are diverse.

Ideally, the online shop should have the following features:

- established on the market
- Regular proof of sales with demonstrable profitability
- Stable customer base with positive customer feedback
- Scalable business model with growth potential
- Professionally designed website and user-friendly interface

Sellers who are interested in handing over their online shop to good hands are cordially invited to contact me.
