

# The big business marketplace

Business for sale more than 15 years

ID 25750

## Offer Corporate sales, firm sales, sales **SaaS Software**

For sale is an IT agency that has been successfully operating in the market since , distinguished by its innovation and expertise in software development. With consistent annual revenues of approximately €1.2 million, the company provides a solid foundation and excellent growth opportunities.

### Key Highlights of the Offering:

#### Service Portfolio:

A wide range of IT services with a focus on software development, web development, and customized IT solutions. Expertise in modern technologies such as PHP, JavaScript,, Python, GraphQL, MariaDB, and API integrations. Specialized in SaaS development and the delivery of high-quality, scalable software solutions.

#### Proprietary Software Products:

The company owns two self-developed software solutions, which are central to its value. One of these solutions has been appraised with a market value of €1.8 million.

#### Team:

A dedicated team of 15 professionals, including 10 experienced developers, with a proven track record of successfully completing diverse projects.

The international setup includes an office in Pakistan, where 2 developers work cost-efficiently.

#### Experience and Market Presence:

Operating since , the company has a long-standing track record of success and stable customer relationships.

The team is characterized by high technical competence, innovation, and an agile work methodology.

#### Not a Distressed Sale:

The sale is due to health reasons (owner burnout) but is not under time pressure or forced circumstances.

#### Software Assets as Core Value:

Two proprietary software products (ERP, Marketplace) form the backbone of the business. One of the solutions (Marketplace) has been valued at €1.8 million.

Both solutions offer high scalability and are specifically tailored to meet the demands of business infrastructure.

This is a unique opportunity to acquire a well-established IT agency with strong assets, an expert team, and significant growth potential.
